Title of Research Project
Provide a brief description of your project (500 characters maximum)

PART II – PROJECT PROPOSAL CONTINUED...

Please address the following questions pertaining to your proposal in full sentence/paragraph format (3000 characters maximum, spaces included)

Learning Objectives

- What are the learning objectives of your research project?
- What strategies will you undertake to achieve your learning objectives?
- How will the outcomes be assessed?

Research Plan

- What is your overall role in the research project?
- Describe some of the tasks you will be doing.
- Describe briefly the timeline for the project.

Connection to Area of Study and Future Goals

- How does this project complement your current studies?
- How does this project relate to your future goals?

Will your research project involve travel?

Yes No

If yes, where?

NOTE: This pertains to work completed as part of the USRA that occurs outside the normal work area. (E.g. Hamilton Public Library, Archaeological site in Turkey). McMaster University cannot fund an activity if travel warnings issued by Foreign Affairs, Trade and Development Canada advise Canadians to avoid travel to the location of the student experience for any reason (visit travel.gc.ca for information). It is also the responsibility of the student to determine if any inoculation/medical intervention or insurance is required for travel related to their experience and to ensure that these requirements are completed appropriately before departure.

I hereby acknowledge that the information above is accurate and I agree to abide by the regulations governing this award. **Deadline: 4:00 p.m. Monday 25 February 2019. No late and/or incomplete application will be accepted.**
